

Manometro DN 50/63/80/100 attacco radiale-cassa ABS

Cassa: ABS nero

Trasparente: kostil con indice rosso

Attacco: radiale in ottone

Precisione: Cl. 1,6

Protezione: IP 31

Saldature: in lega di stagno per temperature da -20 +90 °C

Movimento amplificatore di precisione: in ottone orologeria

Elemento Manometrico: molla Bourdon in lega di rame

Pressure gauge ø 50/63/80/100 bottom entry - ABS case

Case: ABS black

Window: kostil with red pointer

Connection: brass bottom entry

Accuracy: Cl. 1,6 **Protection:** IP 31

Sensing element: copper alloy Bourdon tube

Welding: tin alloy for working temperature ranging from -20 +90 °C

Amplifying movement: brass for precision clockwork

MR 50/63/80/100
